Professional Summary

Dedicated computer science student seeking to start a career focussed on project management in the industry of computer technology. Skilled in teamwork and leadership, having secured employment at international multi-service business NCR, and demonstrable organisational skills through a key role in the Dundee University Computing Society.

Employment

Intern, **NCR**

June 2021 - September 2021

Key responsibilities

- Using Angular, HTML, CSS, and JavaScript to create web-based applications
- Taking an active role in agile ceremonies, and facilitating a few

Key achievements

- Within my team, I helped to create a web-based application to save the professional services team time, greatly shortening the development cycle
- My team's presentation was voted as the best during the intern expo – a meeting where interns presented their summer projects

Customer Attendant, **Hallsford Farm**

2015-2018

Key responsibilities

- Preparing and cooking food
- Setting up and packing away the stall

Key achievements

- Improved teamwork and communication skills

Work Experience and Volunteering

Marketing Coordinator, **Dundee University Computing Society**

May 2020 - Present

Key responsibilities

- Organising events such as hackathons, workshops, and group socials
- Marketing these events to members, sponsors, and the public through social media

Key achievements

- I helped to organise and promote a fundraiser, which raised over £450 for non-profit organisations
- I have helped to organise and promote three hackathons, which were widely attended and sponsored

Intern, **Amey**

April 2015

Key responsibilities

- Shadowing senior colleagues
- Computer Aided Design to highlight structural faults in bridges

Key achievements

- Improved communication skills
- Improved ability to work independently

Skills

- Team Leadership
- Software Coding
- Commercial Awareness
- Client-facing Skills
- Time Management
- Resilience
- Adaptability
- Teamwork

Education

- **University of Dundee** – Dates attended (September 2018- present)
 - **Computer Science** – BSc, Predicted Grade: 1:1

 - Data Structures and Algorithms - A4, 87%
 - Web Authoring - B1, 78%
 - Mathematics 1B - B1, 78%
 - Physical Computing - B1, 78%
 - Mathematics 1A - B2, 74%
 - Introduction to Software Development - B2, 74%
 - **Second Year: 1.1 (Achieved)**
 - Topics in Pure Mathematics - A3, 91%
 - Algorithms and Artificial Intelligence - A4, 87%
 - Multi-paradigm Programming and Data Structures - A4, 87%
 - Computer Systems 2B: Architecture and Operating Systems - A4, 87%
 - Computer Systems 2A: Architecture Fundamentals and Unix - A5, 83%
 - Object-Oriented Analysis and Design - B1, 78%
 - **Third Year: 1.1 (Achieved)**
 - Games Programming - A2, 96%
 - Networks and Data Communications - A4, 87%
 - Database Systems - A4, 87%
 - Agile Software Engineering - A4, 87%
 - Theory of Computation - A5, 83%
 - Information Security – C1, 65%

Projects consisted of using: HTML, CSS, JavaScript, Java, Python, C, C++, C#, SQL, and PHP. Several of these projects were group-oriented.

- **Queen Elizabeth Grammar School, Penrith** – Dates attended (September 2011- June 2018)
 - **GCSEs** – 3 A*'s (Biology, Mathematics, History), 7 A's (Chemistry, Physics, Religious Studies, English Literature, English Language, Geography, Engineering), B in German
 - **AS levels** – C in General Studies
 - **A levels** – B in Mathematics, C in Biology, C in Physics

Awards and Recognition

- **Grade 5 Saxophone** – 2015
- **Duke of Edinburgh Gold award** – 2017-present
- **Hackathon Winner** – 2020
- **NCFE Level 2 Certificate: Digital Promotional Activities for Business** -2020
- **2nd in 'Best Third Year Game'** – 2021
- **Best Presentation: NCR Intern Expo** - 2021

Interests

Sports:

- Hiking – climbing mountains and fells, specifically in the Lake District
- Running – marathon training

Video Editing:

- I enjoy editing videos, whether to demonstrate projects that I have worked on, or simply to document aspects of my life.
